- Neutral pH Makes It A **Safer Choice**
- NO Toxic Fumes
- Ready-To-Use Easy Pour Container
- Fast Acting On A Warm Surface (100°-150°)
- Works Great For All Degreasing

FACT SHEET

USE DIRECTIONS

Pour **SIZZLE** on surfaces full strength. Works best when applied to warm surfaces (100°F-150°F). Allow 1 to 5 minutes for detergent to penetrate soil deposits. Loosen soil with an aggressive pad of grill block. Scrape off to the drip pan and finish with a damp cloth. No rinsing necessary under normal conditions. Do not spray on painted surfaces. Avoid contamination of food.
