Buy American Provision (7 CFR, sections 210.21[dl and 220.16[d]; U.S. Department of Agriculture Policy Memorandum SP 38-2017)

Schools participating in the federal school meal programs are required to purchase domestic commodities and products for school meals to the maximum extent practicable. Domestic commodity or product means an agricultural commodity that is produced in the US and a food product that is processed in the US substantially (at least 51 percent) using agricultural commodities that are produced in the US.

Domestic commodities or products are defined as agricultural commodities (i.e., meat/meat alternate, grain, fruit, vegetable, and fluid milk) or processed products (i.e., processed food product that includes components that contribute to a reimbursable meal, such as a chicken patty that contains an M/MA and grain component) that are processed in the United States using substantial agricultural commodities that are produced in the United States. Products from Guam, American Samoa, Virgin Islands, Puerto Rico, and the Northern Mariana Islands are allowed under this provision as territories of the United States.

It is the intent of Foster Poultry Farms, LLC to strictly adhere to this policy.

We, Foster Poultry Farms, LLC, a California Corporation, certify that all our products for K12 schools have at least 51% domestic ingredients that were grown and sourced in the United States.

I certify that the above information is correct. Please do not hesitate to contact us with any questions.
