

Buy American Provision – Asian Food Solutions

Lincoln Yee

Lincoln Yee, Co-President 3/1/19

Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 requires schools and institutions participating in the NSLP and SBP in the contiguous United States to purchase to maximum extent practicable, domestic commodities or products for use in meals served under the program. The legislation defines “domestic commodity or product” as one that is produced in the United States and is processed in the United States, substantially using agricultural commodities that are produced in the United States. The report accompanying the legislation stipulated that “substantially” means that over 51 percent of the final processed product consists of agricultural commodities that were grown domestically.

Asian Food Solutions warrants that it’s products are proudly produced in the United States and meets the standards under the Federal Buy American Provision and USDA Commodity Processing Guidelines.
