Philly Cheesesteak

The #1 selling Philly Cheesesteak sandwich in the USA*. Thinly-sliced, seasoned beef, melted american cheese and "bakery-soft" bread right out of the microwAVE. * Source: Nielsen Scan Data, 2017

Roast Beef Cheddar Melt

How did we get this classic to taste just like you ordered it at a deli? (We've been doing this for more than 30 years, so we've had a lot of practice.)

Ham & Swiss on Pretzel

One of our favorites, now with a new twist. Smoked ham, melted swiss cheese and just the right amount of Dijon mustard—all on a soft pretzel roll.

Chicken Bacon Ranch

Hello, Bacon! As if fresh, tender white meat chicken carved from the bone, smothered in bacon ranch dressing and melted cheddar cheese wasn't enough.

Sausage, Egg & Cheese on a Hoagie Roll

Enjoy your morning with all your favorites in a protein-packed breakfast sandwich. We've combined fluffy eggs, savory sausage and melted cheese all on our fresh baked hoagie roll.
